

# VERSOIN<sup>®</sup>

écologique

Liquid organic fertilizer with saponin extracts

## LAWNS

- Weakens the vascular system of annelids
- Destabilizes their skin system
- Totally degradable and leaves no residue

### Use

- Shake well before use
- 80L/ha in curative 10L/ha every month in maintenance
- Water abundantly

### Composition

Natural tea leaf extracts (Saponins): 3%  
Nitrate (NO<sub>3</sub>): 2.75%  
Soluble magnesium (Mg): 2.25%  
of which oxidized (MgO): 15%  
Natural seaweed extracts: 2%

### Packaging

- 1L bottles
  - 5L Cans
  - 20L Cans
- Storage: 1 year in a cool and dry place away from light

Complies with the standards Organic fertilisers -NFU 42-003-2 Complies with EC Regulation N° 384/2007

# VERSOIN<sup>®</sup>

Liquid organic fertilizer with saponin extracts

**VERSOIN** is a liquid fertilizer with extracts of exotic plants rich in Saponins. These substances of totally natural origin that are released into the soil, induce a massive and immediate repulsion of earthworms present in the treated volume.

The **VERSOIN** formula forms a gas in contact with water and irritates the skin and vascular system of the annelids.

➤ Standard program :

Disinfection Versoin  
80L/ha in curative

10L/ha/month in maintenance
